

Whitney, Ahmad Paul  
claim # 14862

To whom it may concern,

I am writing this response in opposition to the objection set forth by the debtors. I feel I am entitled to compensation from my former employer (Circuit city) due to them going defunct. I was left in a financial bind when this happened and I am still reeling from the effects. I believe I am entitled to an amount no lower than \$14,280.00 and anything awarded in my name greater than my request I will gladly accept. I recognize I didn't state a claim on my last notice out of good faith. My previous employer would compensate fairly. I am sad to say such was not the case, which is why I am pronouncing my claim as of now. I truly hope this matter can be resolved quickly and fiduciarly.

Thanks in Advance
